

PRODUCTION REQUIREMENTS

The LIVE AREA for logos and text is 1/4" inside the trim. Placing elements any closer to the trim may result in undesirable cutoffs.

Ads not submitted with careful consideration for specs, bleed and live area may result in undesirable cutoffs.

Proofs will not be provided to advertisers. It's encouraged that advertisers submit a color correct proof with their ad file. Otherwise, advertisers waive their approval and we assume no responsibility for outcome.

Please Follow ALL Specifications Below:
